

As per Toowoomba Catholic Education Office directive, we are in the process of changing our business banking requirements. As such, we wish to advise new bank account details for the purpose of making payments via direct deposit or direct debit. If you make deposits directly over the internet, please ensure future payments are made to the following account and if you have direct debit in place it will be necessary for you to advise your institution to change the account details into which they make payments on your behalf.

Our new account information is:-

Account Name: St Joseph's School

BSB: 064 – 431 Account Number: 1018 4376

I would ask that you please do this as soon as possible so as we can complete our transfer process and should you have any queries, please do not hesitate to contact Megan Hines.
